Hello Jim Fordice,

This email is to notify you that for the workflow "[Member Expires](#)", a recent task was not executed due to following error.

Task History ID: [IjU3NjUwNTYoMDYzMjAoMzA1MjY1NTUzMzUxMzI1MTY1NTQzMzBmMzQi_pc](#)

Step Name: DateTime Formatter (Pabbly) > Format Date Only

Connection Name: [No Auth Connection](#)

Task Error Detail:

```
{
  "status": "error",
  "message": "Required field Date missing. Learn more: https://forum.pabbly.com/threads/how-to-fix-required-field-is-missing"
}
```

Note that the workflow has not been paused and continues to run according to your settings. Further, you have the option to pause the workflow from the history section.
